Issues for schools and academies in Garforth

Very little land available on sites to expand

No funding available for expansion as Garforth not seen as a priority area

Unable to turn pupils away from outside of Garforth if there is a place available

Small amounts of section 106 funding – unable to build what required

Education in Garforth

- Local Authorities across the UK work on birth rate and not actual children in the area (birth rate + moving into area)
- New housing projects work on a formula for Section 106 funding

No of Bedrooms	No of Primary (c£9k of Section 106)	No of Secondary (c£12k of Section 106)
2 Bed	1 in 6	1 in 8
3 Bed	1 in 4	1 in 5
4 Bed	1 in 3	1 in 4

- Small developments = Small contributions that can't make a difference
